## A LITTLE BAG OF COMFORT

A Special Letter from Nancy Hamstreet, Social Worker at Ridge Park Charter Academy

Dear Kids' Food Basket supporter:

At my school, 78% of students qualify for free/reduced lunch. What that equals is: **a lot of our students are living in poverty.**

Nourishment and consistent meals are vital in brain development. Kids not only need – they require – this consistency of breakfast, lunch, and supper. Many schools, mine included, are able to provide kids with breakfast and lunch.

But if you think about it – lunch ends at noon. Many of these kids – in the middle of the month, especially, because food stamps are not adequate for most families – are going home to little or no food. They go all evening long without food, and we're asking

them to do homework, to get along with their siblings, to maybe babysit for siblings because their parents have to work, and they're unable to sleep.

I asked my students how their Sack Suppers make them feel.

Jayden shared:

**"It helps me because my granny doesn't always have much food. When I'm hungry, I just keep walking around the house."**

**When I look at Kids' Food Basket's Sack Suppers, I see a little bag of comfort.** Kids, and their families, can concentrate on other things – academic, social relationships – when they know they will have a meal at the end of the day.

We use the NWEA (Northwestern Evaluation Association) for standardized testing. Test scores are measured between Fall and Spring. The expected growth is 100%. **I looked at the test scores of all the kids who received Sack Suppers last year.**

**The average growth [for kids who received Sack Suppers] between Fall to Spring was 139% - that's 39% over the expected.**

These kids are making phenomenal growth, and the safety and security Sack Suppers provide is a big part of that. I just want to say: Thank you Kids' Food Basket. Keep it going.

Sincerely,

Nancy Hamstreet, Social Worker  
Ridge Park Charter Academy

# YOU DID IT, West Michigan!

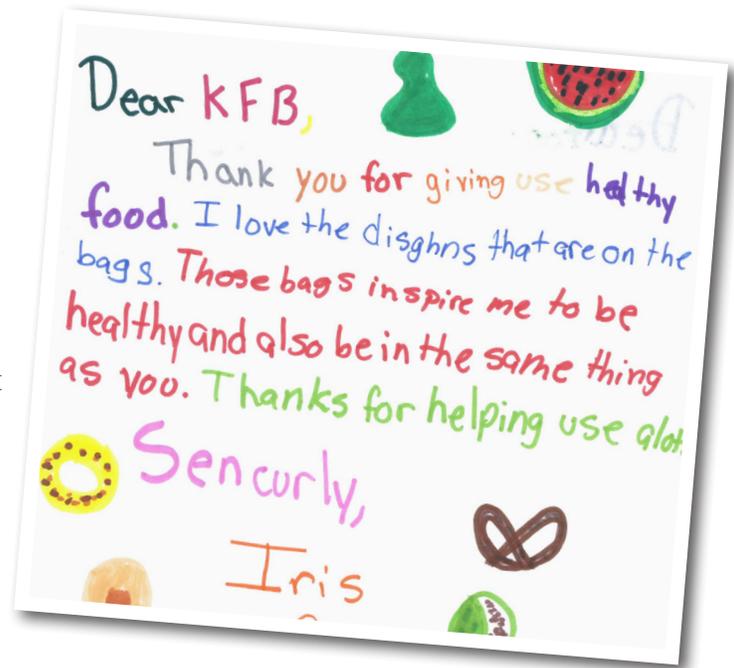

112,268 DECORATED BAGS. 112,268 SMILES.

West Michigan, you are AMAZING. In total, we collected 112,268 bags in celebration of Brown Bag Decorating Day at our three locations in Grand Rapids, Muskegon, and Holland! That's enough bags to provide every child we serve with a decorated bag for 15 days.

A teacher shared with us that while she was doing a home visit, a little boy proudly showed her dozens of decorated brown paper bags on the wall above his bed. She recognized them as Sack Supper bags. The teacher asked why he had saved them, and the little boy answered: "Because they are mine."

The teacher shared that this student didn't have much consistency in his life. He had moved around a lot. She realized that decorated Sack Supper bags were more than an evening meal: they were also a source of consistency and comfort to him.

Every decorated Sack Supper makes a difference. Thank you!

## Community Partner Shout Out

Join us in thanking **Trans-Matic** for being our first week program sponsor of the school year! When asked why they chose to join the attack on childhood hunger, Jeanene Kalilo, Director of Human Resources shared the following:

**"Trans-Matic is very excited to partner with Kids' Food Basket Holland Program! The purpose of the organization, attacking childhood hunger to help young people learn and live well, really spoke to us. In addition, we like the opportunity to support not only financially but also by offering our employees an opportunity to get involved through volunteering."**

Your support can help local kids in our Holland community thrive. For more information on how to become a Community Partner, contact Kim Magoon at [kim.magoon@kidsfoodbasket.org](mailto:kim.magoon@kidsfoodbasket.org) or by calling 616-796-8471.

## Meet Kim & Lexi!

We have two new Holland Program team members! Both Kim and Lexi have a deep passion for their local Holland community and desire to impact the lives of children, bringing them both to us... and we're thrilled to have them join our team!

KUDOS FROM

BRIDGET

Every day, this community comes together to make something awesome happen.

When we first started out 15 years ago, we had about 20 dedicated volunteers that came to help pack Sack Suppers for the three schools we served. I thought that was great! "Look, 20 people care about childhood hunger!" Now, we see over 250 volunteers every single day between our three locations in Grand Rapids, Muskegon, and Holland. Every day, our community comes together to ensure over 7,500 kids have a nutritious evening meal.

Kids' Food Basket is a kindness factory. I love that our volunteer program brings together people of all backgrounds, beliefs, and abilities. On any given day, we might have a faith community volunteering next to a group of financial advisors next to a group of kids from one of the schools we serve. Or a group of coworkers from a restaurant next to a Girl Scout Troop next to a group of differently-abled volunteers. And all of them are getting along and laughing as they make sandwiches, cut veggies, mix trail mix, and pack Sack Suppers, because they are committed to one goal, one great act of kindness: ensuring that our communities' kids have the nutrition they need to thrive - in and beyond the classroom.

As the number of our volunteers and donors grows, it gives me hope. Hope for the 43,930 children in West Michigan that live in food-insecure households. It gives me hope, because West Michigan is a community that cares that 47.5% of its kids receive free/reduced cost meals at school. Hope that we can eradicate childhood hunger.

Behind the scenes, we also have outstanding board and committee members and a very committed and enthusiastic staff. Our team at Kids' Food Basket is deeply passionate about the critical work that we do in West Michigan. The need for our services is tremendous, and we know firsthand the immediate and long-term impact that Sack Suppers can make. Because of this, we are constantly energized and motivated to go above and beyond.

That's why we came together last year as a team to provide a Staff Match for #KFBGivingTuesday of over \$5,000. Giving Tuesday is an international day of giving fueled by social media that was born as a result of well-known shopping days, Black Friday and Cyber Monday. This year Giving Tuesday is November 29, and we're doing our staff match again!

We're doing it for the 34 schools on our waiting list (17 in Kent County, 11 in Muskegon County, and 6 in Ottawa County); for the thousands of children we do not yet serve, who need and deserve good nutrition. We're asking our community to join us in the attack on childhood hunger, so that all children have the nutrition they need to be their best, in school and in life.

Thank you for being the attack on childhood hunger. Together, we can create a more strong and healthy West Michigan, where no child goes to bed hungry.

Peace,  
Bridget
